Speaks to the People

To the Republicans both women and men of Rockcastle County.

Dear People one and all:

As a candidate for the office of County Court Clerk I wish to express myself to you in regard to a few things being told you. J. hear a lot of stories that are being circulated in regard to my political principles. I cast my first vote in the last November election, and I nailed my cross under the tog cabin, which I did to the satisfaction of my own feelings.

I am not a republican because my people said thats the way to vote, for they said you must put your x under the rooster. But a lot of my fathers people vote straight Republican tickets, but thats

not why I am a Republican.

I am able to read and write dear friends, "f've been trying to learn every since I was five years old. I've tried to learn something all the time that would be a benifit to my home and children So when the head men of our Nation said, you women of Kentucky must vote, I began to study, I read every thing I could get hold of in regard to our political issues of our Nation as my near neighbors know I wanted to know myself the reason people voted so and so. I learned to my own satisfaction and wellfare and formed a camping ground on the Republican shores and there I pitched my tent and I feel now that my strong hold there is on a solid flint rock foundation fortified with five little orphans as sentences. We feel there is no political wind strong enough to upset our tent or destroy our camping ground. Therefore with these and many other statements I can make I do hope you will begin to see why I am a Republican and a selfmade one too. I thank God I'm able to understand and figure things out and not have to depend on other people for light on these mysterious questions. Study people study. "Taxation without representation is unjust." I pay taxes so do otherwomen, so let me represent you, you and your fathers, mothers sisters and brothers one and all. I'll keep your books so that you will be proud to say, our woman down at Mt. Vernon is O.K.

There is another story in the play that has come to light. "That I am rich just got forty five thousand dollars the other day besides other stuff too numerous to mention. I'm sorry, but this is a false report sure, I wish to God it was so.

My neighbors and bankers know this is untrue, my friend Mr. Tom Niceley who happens to be my honorable opponent and president of the Mt. Vernon bank where we have transacted our little money matters for almost twenty years know this to be a falsehood. May the Lord forgive as I do.

I understand some of the people are wondering why I came out as a candidate. I can tell them a few of the causes here and later when the weather gets better and the mud settles so Doll can get through with shoes on I'll tell you more and more,

1. I have a pretty good knowledge of book keeping.

2.1'm a widow woman with five children to feed and clothe and to educate and keep them on the right road to make good men and women. Above all things they should know the love of God and be truthful and honest.

3. So this is meat and bread for me and my little gang of orphans. Another thing we need some change in our offices, a few good women in the offices that they are capable of filling will be better for our County morally mentally and financially,

Now I hope my friends will continue to tell me of the stories that are floating within the circle of good old Rockcastle that I may. unfold to them the truth that they may know where to put the stencil 6th of August .

With these few remarks I will say, may the Lord bless and keep each and every one of you in the line of truth until the 6th day of August 1921 and cast your vote under the log cabin and for the widow to help raise the little orphans

Thanking you for a full fledged vote. I remain sincerely yours for better book keeping for old Rockcastle. Mrs. Lelia May Cooper.

WILL BE IN LIVINGSTON From Monday, March 7th To Saturday,

DO TO THE PART OF THE PART OF

SUNDAY SCHOOL RALLY AT CHRISTIAN CHURCH

My Dear Helpers:

In your business you place the emphasis

upon that department that yields the largest returns. Here is the place for the largest investment of brain and heart. You set up nights working and planning for that department. Let us bring our business ability to the service of the Master and his church. God will hold each member responsible for the service it is in his power to render. The Bible School is the most productive department in our church life today. It adds more members than all the other departments combined. You know that. What are you doing about it? If you are a Christian and not in the Bible School, you are not deing all you can, and We want you. Our Bible School is progressive, aggressive and successful. We want teachers. We want scholars. We want Y-O-U!

Sunday, March 6th is Rally Day in the Bible School. Will you help us by your presence by being one of the 200 expected Sunday. We are going forward and the Bible School leads the way.

Yours for service,

S. T. PROCTOR,

Bible School Superintendent.

Read this over again, It is Brain Food for you:

HAVE BEEN ASKED if I were going to make a fight for the Judgeship of the County. My answer, NO. I never have had to fight for a job, but have always had to fight the job to make an honest living. What would you or the courts do with a man that would avail him self with his hinchmen and arm themselves and call on the stockholders of any of your four banks or three graded schools in your county and fight his way on the board. I do not believe in force, but peace and harmony, love and equal rights to all. O, how I do wish that I could have the board to understand that Rockcastle is just a great big family of folks: brothers, sisters, mothers, fathers, aunts, uncles, and grand parents; what is mine is yours, and what is yours is mine; we all have equal rights and titles in her, and at all times realize that your neighbor has got to live as well as you,

I am looking forward to the biggest and happiest day of all our past lives - the Fourth o' July - the date of our Declaration of Independence, when I am going to give a home-coming to this People, that we might know each other better, and get acquainted, and get that old selfishness out of us. If we would learn more about each other and then try to help each other overcome our weaknesses this would be such a nice place to live. Do good for evil; what's good for the gander is good for the goose: let's lay down eur prejudice, not fall out with your neighbors because they do n't vote and do like you do, but reason together and you will find that you can always learn something from a fool that will help you to get along in this world. The time is not long on earth for any of us, and unless we can and will do something for our neighbor's and our neighbor's children, we had just as well not have lived. So let all get right and live right and then we will be right when the end comes.

Yours for business and the betterment of old Rockcastle County,
